You can add/increase/remove any of these products individually from your basket, or...</p>	<p>...simply add all of the products to your basket by tapping the basket icon with the + symbol in the top right.</p> <p>A message will be displayed if you already have items in your basket, so you can decide how the products should be added.</p>

New Premium Feature: Messages List (App & Play Store Versions ONLY)

Any previous Push Notifications received can now be reviewed via the **Messages** (bell) icon on the bottom menu bar.

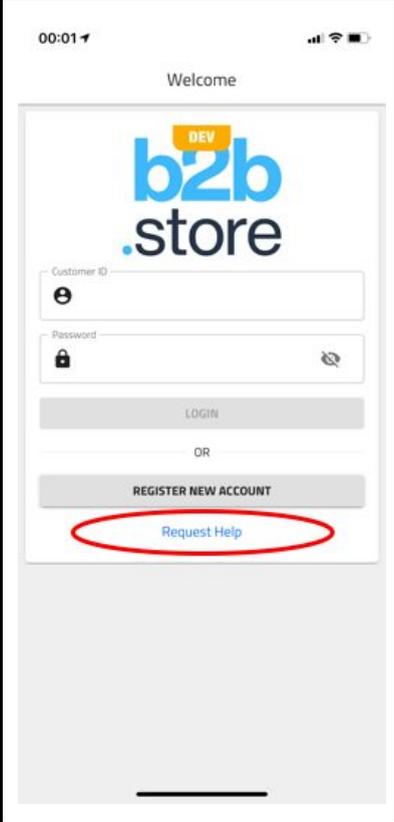

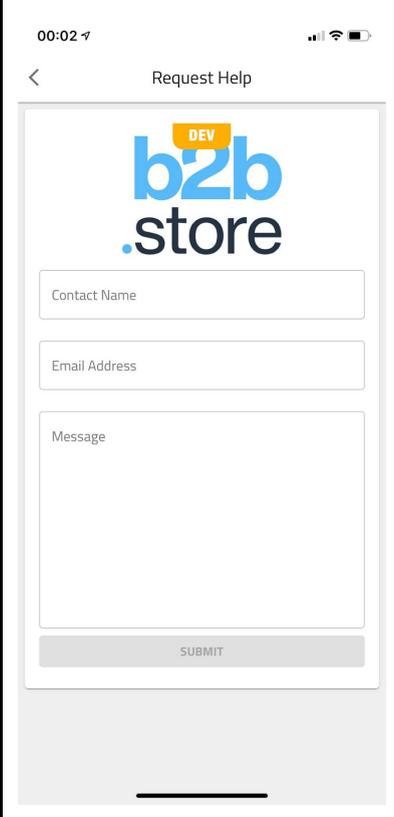

1. Tap the **Messages** (bell) icon on the menu bar.
2. The **Messages** screen will open and display all previously received push notifications. **NOTE:** Only previous Push Notifications received *since this latest update* will be displayed.

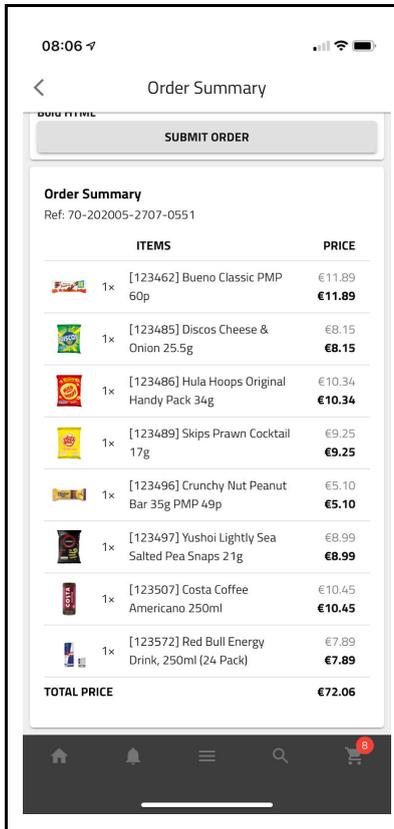

3. Tap any push notification and it will be re-opened so you can interact with it as it was originally sent.

### New Feature: Request Help (Login Screen)

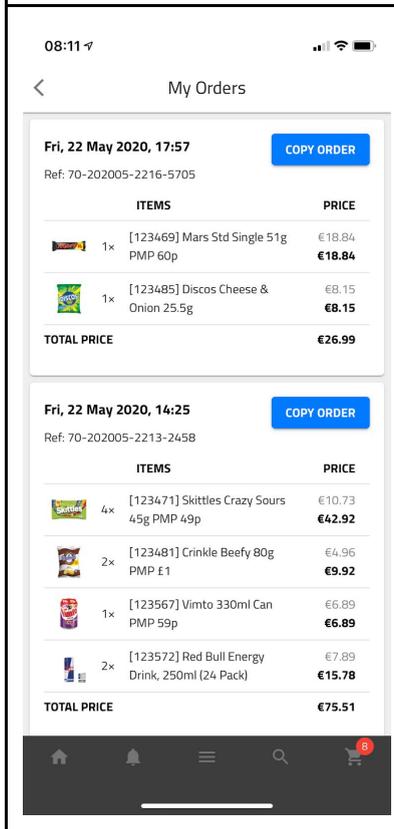

Customers can now request help from the login screen. This is useful if they don't currently have a login or have forgotten their password.

 <p>00:01   Welcome</p> <p>DEV b2b .store</p> <p>Customer ID <input type="text"/></p> <p>Password <input type="password"/></p> <p>LOGIN</p> <p>OR</p> <p>REGISTER NEW ACCOUNT</p> <p>Request Help</p>	<p>1. Customers can simply tap the <b>Request Help</b> option to contact you.</p>

They enter their:</p> <ul style="list-style-type: none"> <li><b>Contact Name</b></li> <li><b>Email Address</b></li> <li><b>Message</b> (The issue they would like to raise with you) ...and you will be sent an email with their request.</li> </ul>

b2b.store Enhancements

1. **Order Summary** screen now includes an image thumbnail, quantity, SKU, product name, item price and total line price for each product.

2. **Order History** screen also now displays image thumbnails (for new orders placed since this update).

3. If a Push Notification has a button action of **Add Product To Basket**, and it is tapped a success notification is displayed if this is tapped.

## b2b.store Fixes

1. Android Play Store App version of the Barcode Scanner now fully functions. **NOTE:** *Please check the Play Store to ensure you have the latest version of the app.*
2. Order Summary: Line items now count only those items that are purchasable. Previously it would include non-purchasable items.
3. The correct mouse icon is displayed when hovering over links on the web app when using a mouse.
4. The user is now automatically logged out and sent back to the login screen if their login credentials are no longer valid (e.g. their account has been removed).

## BEAM Admin: New Features, Enhancements & Fixes:

**Version: 2020.5 (2.32.0-1870ac4)**

1. **Full Screen (Interstitial) & Banner Ads Action % Count:** The % of Full Screen Ads or Banner Ads that have been interacted with is now displayed in BEAM. This is really helpful for supplier feedback.

Banner Ads								Total: 1
<input type="checkbox"/> Remove Selected								
<input type="checkbox"/>	Image	Description	Displayed Count	Clicked Count	Actioned	Start Date	End Date	<input type="button" value="+ Add"/>
<input type="checkbox"/>		Twix Caramel	1,849	58	3.14%	Wed Apr 15 2020	Sun May 31 2020	<input type="button" value="+ Edit"/> <input type="button" value="- Remove"/>

This version of BEAM (2020.5 (2.32.0-1870ac4)) is available immediately:
